

# Teaching Science and Technology K-6 with confidence

Participants will:

- Gain a deeper understanding of the new syllabus
- Develop skills and confidence to teach science and technology through practical investigations that are creative, engaging and use an inquiry-based model
- Share their experiences and knowledge with other teachers
- Develop a relationship with Environmental and Zoo Education Centre (EZEC) staff and other K-6 teachers to provide ongoing support and resource sharing, with a focus on Working Scientifically, Living World and Digital Technology content

The course is run by specialist DoE Science consultants and the Principal and teachers from Botany Bay EEC
