

First Contacts at Kamay Botany Bay

Stage 2: A virtual lesson on Zoom

During the virtual lesson students will:

- Learn about Dharawal life and culture for the first inhabitants before Cook's arrival at Kamay
- Participate in a role play to understand some of the significant events when James Cook sailed into Botany Bay in 1770
- Work as a botanist or botanical artist to create a drawing just as Solander and Parkinson did in 1770

The lesson will be hands-on, educational, fun and interactive. Lessons will be presented by Environmental Education teachers
